

**ARMANDO DE LA LIBERTAD  
STATE ASSEMBLY, 69TH DISTRICT**

**Businessman/Community Development**

I was born and raised in Orange County, and I love it here. That's why I spend my work and volunteer time serving our community. During the 1990's, I focused on reducing senior abuse, increasing home ownership, and promoting safety in our neighborhoods as an aide to Congresswoman Loretta Sanchez. Since 2000, my job has been helping schools, supporting small businesses, seeking justice for victims, preparing workers for good jobs, and addressing community health needs.

I built a department at Wells Fargo that supports 400 charities annually, assisting families throughout Orange County. I collaborate and build strong teams around common goals. I get results. I have directed nearly \$5,000,000 to charities and small business investments. I organized 3,000 volunteer hours and 200 financial literacy workshops in the community. I raised over \$400,000 for student scholarships.

But there remains work to be done. Struggling schools, increased college tuitions, traffic congestion, high gas prices, high health care costs, and a state budget crisis demand strong leadership. I will work hard to make health care affordable and prioritize education.

As a trained civil engineer, I have problem-solving skills to tackle tough issues. I have new ideas, integrity, and an independent voice. I hold high standards. I am the only homegrown candidate. I will listen to you.

This is why Congresswoman Loretta Sanchez, Anaheim Councilmember Lorri Galloway, Commissioner Diane Singer, Garden Grove Board of Education Member KimOanh Nguyen-Lam, and many others support me.

I ask for your vote. Thank you.
